Stakeholder Communication Email

Prepared By:Nathini P

Subject: Request for Clarification on Project Requirements

Dear Client,

Hope you are doing well.

During our requirement analysis process for the Client Project Management Portal, we identified that some details are incomplete and require further clarification before proceeding with the next phase.

Kindly provide additional information regarding the following points:

1. Project objectives and expected outcomes
2. Required documents and deliverables
3. Project timeline and important milestones
4. Approval process and stakeholders involved

Your clarification will help us understand the requirements clearly and ensure that the project solution meets your expectations.

Please share the required details at your earliest convenience.

Thank you for your support.

Regards,

Business Analyst
